In the class, I have defined the url mapping for a particular url through @RequestMapping annotation. @RequestMapping(value="/home", method=RequestMethod.GET) public ModelAndView getHome() { ModelAndView modelAndView = new ModelAndView("Home"); modelAndView.addObject("data", "Welcome home!"); return modelAndView; } But when I make a get request from my localhost(windows machine) to this url it is giving me 404 error. This

Features Key:

Rich So Overview Screen with Character and Field Camera The So Overview Screen, which gives an overview of the various aspects of the gameplay, including the Field Camera, the Pairing Screen, PvP, and the inventory, becomes more detailed.

Added Entering Summons into Battle Function Entering Summon is improved, and you can now freely change the name of the Summoned creature when it first appears. You can also transfer your Summoned creature as a gift to other players.

Improved Specificity In PvP and Pvp Rank battle screens, depending on the number of players who are participating in the battle and the difficulty of the map, the number of monsters to participate will be reduced. PvP actions will also be delayed.

Improved Facing in Battle In PvP and Pvp Rank battle screens, depending on the number of players who are participating in battle and the difficulty of the map, the number of monsters to participate will be reduced. PvP actions will also be delayed.

What's new:

The Legend of Heroes: Trails in the Sky the Third (known as The Legend of Heroes: Trails of Cold Steel III in North America) is a visual novel developed by Nihon Falcom and Red Entertainment as a digital limited edition for PlayStation Vita.

Goal of game is simple - to create one of greatest mages who ever lived. The game starts by introducing you to Estelle Ciel, and she is very eager to train a new mage and just like her. The story focuses on different kinds of events that happen to either of two main characters - Raz, or Cresse.

Dragon Quest VII (known as Dragon Quest VIII in North America) is an action role-playing game developed and published by Square Enix for the PlayStation.

Set in a fantasy world with magical items, an evil organization called S-class wizards is trying to control magic, and various nations are in war to protect their people from the evil. Players can choose one of three main characters for the main quest and travel around a vast open world environment - Forest, Savanna, Mines, Mines to the south, Isles/Islands to the west, Deserts, and Ice Caves to the north.

More character customization options and increased inventory and job customization features, along with additional game content such as varying areas, multiple endings and new characters.

New features is graphic details of characters like features of both men and women (including details of their private parts), clothing creation at character creation, high-quality textures with detailed costumes and hair, multiple endings, new quests, and the added developer movie.

MAGICAL CHARM BROWSING If you are looking for a book that will get under your skin in a lovely fantasy romance sort of way, I have a book for you. This lovely boxed set has three volumes of erotic fantasies all featuring the lovely characters and witty dialogue at the front of the books. They are all madly romantic, sexy and have just the right amount of sexiness that is aimed at satisfying your own fantasies. So what are you waiting for, go and see what you can buy or just read your way to a happy f-fantasy ending. The boxed set is a perfect romantic fantasy gift.

Kings Quest

In a mystical adventure with a group of brave friends, find the path to the legendary
